1	<< Test Scenarios											
2	TC_FP_001	(TS_004) Forgot Password	Validate User is able to reset the password	1. Open the Application URL and navigate to Login Page 2. An existing Account is required	1. Click on 'Forgotten Password' link from Login page (Validate ER-1) 2. Enter the email address of an existing account for which you have forgot the password 3. Click on 'Continue' button (Validate ER-2) 4. Check the registered email address for which the password got reset (Validate ER-3) 5. Click on the link for resetting the password from the received email body (Validate ER-4) 6. Enter new password into the 'Password' and 'Confirm' fields 7. Click on 'Continue' button (Validate ER-5) 8. Enter the email address into the E-Mail address field and the new resetted password into the 'Password' field 9. Click on 'Login' button (Validate ER-6)	Not Applicable	1. User should be taken to 'Forgotten Password' page 2. Success message with text - 'An email with a confirmation link has been sent your email address.' should be displayed in green color 3. Validate that an email is received regarding resetting of the password to the registered email address 4. User should be taken 'Reset your Password' page 5. Success message with text - 'Success: Your password has been successfully updated.' should be displayed in green color and User should be navigated to 'Login' page 6. User should be able to login with the new password					
3	TC_FP_002	(TS_004) Forgot Password	Validate an email is sent with the proper details on resetting the password	1. Open the Application URL and navigate to Login Page 2. An existing Account is required	1. Click on 'Forgotten Password' link from Login page 2. Enter the email address of an existing account for which you have forgot the password 3. Click on 'Continue' button 4. Check the registered email address for which the password got reset (Validate ER-1 and ER-2)	Not Applicable	1. An email should be received by the registered email address with the details of resetting the password. 2. Email should contain proper Subject, Body, from address and the link for resetting the password					
4	TC_FP_003	(TS_004) Forgot Password	Validate logging into the Application with the old password after resetting it	1. An existing Account is required and we have reset the password 2. Open the Application URL and navigate to Login Page	1. Enter registered email address into the 'E-Mail address' field 2. Enter new password into the 'Password' field 3. Click on 'Login' button (Validate ER-1)	Not Applicable	1. User should not be able to login with old password					
5	TC_FP_004	(TS_004) Forgot Password	Validate logging into the Application with the old password when you have initiated the resetting password process and have not reset the password	1. Open the Application URL and navigate to Login Page 1. An existing Account is required	1. Click on 'Forgotten Password' link from Login page 2. Enter the email address of an existing account for which you have forgot the password 3. Click on 'Continue' button 4. Enter registered email address into the 'E-mail Address' field 5. Enter old password into the 'Password' field 6. Click on 'Login' button	Not Applicable	1. User should be able to login					
6	TC_FP_005	(TS_004) Forgot Password	Validate resetting the password for a non-registered account	1. Open the Application URL and navigate to Login Page	1. Click on 'Forgotten Password' link from Login page 2. Enter an email address for which the Account doesn't exist in the application 3. Click on 'Continue' button	Not Applicable	1. Success message with text - 'An email with a confirmation link has been sent your email address.' should be displayed in green color					
7			Validate how many times the User is able to reset the password using the reset link sent over email	1. Open the Application URL and navigate to Login Page	1. Click on 'Forgotten Password' link from Login page 2. Enter the email address of an existing account for which you have forgot the password 3. Click on 'Continue' button		1. User should be allowed to use the link sent in the email for resetting the password only once
